We are delighted to be hosting our eighth biennial Aortic Surgery Symposium in Liverpool.

We will endeavour to create an interactive environment to allow delegates and faculty to review important areas in aortic pathology and advances in surgical and endovascular management.

A distinguished faculty of international repute will participate in these exciting lectures and discussions reviewing the key aspects and recent developments in this field.

The Symposium will also include presentations of selected abstracts and videos.

Further information and registration is available at: www.aorticaneurysm.org.uk
